CREATING ART WITH ARTIFICIAL INTELLIGENCE IS NOT AS EASY AS IT SEEMS!

AUGUST 25

2022

Artificial intelligence, which has led to changes in every field from currency to education, is now affecting the traditional branches of art. Asst. Prof. Dr. Ipek Sucu from Istanbul Gelisim University evaluated the artworks produced with artificial intelligence.

Artificial intelligence, which has begun to affect all areas of life, also comes to the fore in digital art. While conventional art products leave their place for digital works, it brings the "Do the works produced with artificial intelligence have the quality of works of art?" question.

"SCHEMA CHEMISTRY" MAY BE THE REASON WHY YOU ALWAYS EXPERIENCE THE SAME THINGS!

AUGUST 22

2022

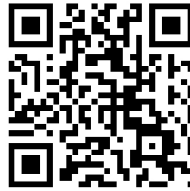

We have heard the "Why do the same kinds of people always come into my life?" question from many people. Different people come into our lives at different times, however, the experiences are very similar. Stating that the tendency to attract people who reinforce our core beliefs is expressed by "Schema Chemistry", Prof. Dr. Psychiatrist Nurhan Fisticki also emphasized that choosing a romantic partner is not a coincidence.
