## Public Health Specialist Assist. Prof. Dr. Elkin: We are one of the fastest aging countries in the world

**NOVEMBER 04, 2019**

Public Health Specialist Assist. Prof. Dr. Nurten Elkin stated that the elderly population in Turkey will have increased in proportion as 10.2 per cent till 2023 according to TurkStat data, and that the 'gray tsunami' defined as rapid aging has come and said: "We experience the change in a period of 20 years while the European countries do in almost a century. This shows that we are one of the fastest aging countries in the world."

Stating that Turkey gets older and 'gray tsunami' (rapid aging) is expected along with the increasing number of elderly, Public Health Specialist Assist. Prof. Dr. Nurten Elkin said that they organized the 1st International Istanbul Gerontology Workshop with the foresight of this important change.

## Financial Markets Expert Yıldırım: People are convinced that gold is increasing due to the dollar

**NOVEMBER 04, 2019**

Financial Markets Expert Hakan Yıldırım stating that people are convinced that gold only increases or decreases due to the dollar exchange rate, said: "It is not taken into account that gold has increased in dollars per ounce. Society believes gold prices rise due to economic developments."

Financial Markets Expert Hakan Yıldırım indicating that gold prices and minimum wage comparisons are wrong, said: "It is tried to emphasize that the economic situation is deteriorating by comparing gold with the minimum wage. The increase in the dollar exchange rate increases the price of gram gold quite naturally, but gold prices in Turkish Lira depend not only on the exchange rate of the dollar, but also on the price of ounce of gold in dollars."

## Physiotherapists with CP met with IGU students

**NOVEMBER 05, 2019**

Two physiotherapists, Simay Atıcı and Selcen Kankul, who had cerebral palsy, came together at the event "To Become a Physiotherapist in the Fight Against CP" organized by the Physiotherapy Club of Istanbul Gelisim University. Two physiotherapists who have been struggling with CP for many years now work as physiotherapists for patients with CP.

Patients with Cerebral Palsy (CP), known as paralysis of brain, hold on to life through special education and physiotherapy support. With early diagnosis and treatment, many patients can hold on to life. Simay Atıcı and Selcen Kankul are among these patients. Now they are physiotherapists to patients with cerebral palsy like

themselves.

## Alzheimer's Einstein Prof. Dr. Terence Seedsman and 109-year-old Mehmet Yılmaz met

**NOVEMBER 06, 2019**

Prof. Dr. Terence Seedsman known as Alzheimer's Einstein around the world and 109-year-old Mehmet Yılmaz from Ordu met in the International Gerontology Workshop in Istanbul. Prof. Dr. Seedsman called him as "super miracle" stating that Yılmaz is a very young gentleman. Yılmaz, on the other hand, said that the 109-year life passed like one-night-dream.

Istanbul Gelisim University held I. International Gerontology Workshop. Prof. Dr. Terence Seedsman from Victoria University in Melbourne, known as Alzheimer's Einstein, Prof. Dr. İsmail Tufan from Akdeniz University the Department of Gerontology, Head of Geriatric Psychiatry and Alzheimer Association Prof. Dr. Engin Eker,

109-year-old Mehmet Yılmaz from Ordu, the faculty members of IGU and students attended the workshop in the Conference Hall of the University.
