SCIENTIFIC STUDIES AT OUR FACULTY

- The article entitled “Implementation and evaluation of a comprehensive Li-Fi system using Simulink®” has been published by Assoc. Dr. Indrit MYDERRIZI, Res. Ass. Ahmet Fetullah YILMAZ ve Res. Ass. Betül Damla Kalfa. Link to the article:
<https://dergipark.org.tr/en/pub/iarej/issue/69449/1015638>

Electrical-Electronics Engineering

- Research Assistant Nurdan Tüysüz's article entitled “Covid-19 Risk Assessment of Occupations Using Interval Type 2 Fuzzy Z-AHP & TOPSIS Methodology” has been issued to be published in the SCI-Expanded indexed journal named "Journal of Multiple Valued Logic and Soft Computing".

Industrial Engineering

- The article entitled “Mechanical and durability properties of steel polypropylene and polyamide fiber reinforced slag-based alkali-activated concrete” by two of our department members, Assoc. Prof. Dr Anıl NİŞ and Asst. Prof. Dr Mukhallad AL MASHHADANI was published in the journal of ‘European Journal of Environmental and Civil Engineering’

Civil Engineering

- The paper entitled “Design and Control of a Mobile Steward Platform with Four Independent Wheels” by Assist Prof. Dr. Kenan ŞENTURK and his working group, is selected to be published in “Mugla Journal of Science and Tecnology (MJST)”.

Mechatronics Engineering

THE NEWS FROM DEPARTMENTS

Civil Engineering

- Prof. Dr. Abdullah Necmettin GÜNDÜZ joined our academic staff in Department of Civil Engineering.
- Internship orientation meeting was held for the students of our department.

- As part of Kültür2000 College Career Days, our Head of Department Asst. Prof. Dr. Ahmad Reshad NOORI had a demo lecture.

Mechatronics Engineering

- Stakeholder Meeting of Mechatronics Engineering Department was held on 22.04.2022 with the participation of our Internal and External Stakeholders.

Architecture

- Research Assistant Burcu Korkut, who has been newly added to the academic staff of the Department of Architecture, has started to work as of April. We wish her success.
- A conversation was held with Melkan Gürsel Tabanlıoğlu on Wednesday, April 13 at 14.00 as part of the Architecture and Design Club Architectural Talks Series. Tabanlıoğlu Architecture partner Melkan Gürsel Tabanlıoğlu, who has signed successful projects that won many awards in the national and international arena, was among the most important female architects of the world. Melkan Gürsel Tabanlıoğlu became the only Turkish architect to be included in the book "Frauen in der Architektur- Women in Architecture", which was prepared to draw attention to the achievements of female architects and includes 36 world-renowned female architects.

- The first of the podcast series of the Architecture and Design Club has been published. It was presented in the form of questions and answers with Master Architect Kevork Özkaragöz.
- The Architecture and Design Club held the "Production Workshop" event with Sra Stoney Gallery at 10:00 on Friday, April 22 at workshop number 284 in J Block. The event consisted of two parts. In the first part, the importance and awareness of material knowledge in architecture was presented. Afterwards, a porcelain material workshop was built in the second part.

- As part of the Architecture and Design Club Architectural Talks Series, he held a conversation with Bahadır Kul on "The Adventure of Architecture and Future Architecture" on Wednesday, April 27, between 13.30-16.30.

Aeronautical Engineering

- With the participation of Head of Aeronautical Engineering Department Prof. Dr. O. Ergüven VATANDAŞ, the questions of the students of Gönüllü Hizmet Vakfı Mustafa Saffet Fen Lisesi about aeronautical engineering and aviation were answered. Subsequently, the Aeronautical Engineering Department of our university and the previous studies of our students were introduced. Then a plate of appreciation by the school principal was presented to Prof. Dr. O. Ergüven VATANDAŞ.

PROTECTION AGAINST VIRUS IS IN OUR HANDS
