**NEWS**
**The biggest problem for PKUs is 'expensive special food':  
They spend 500 Turkish liras per month**
**NOVEMBER 11, 2019**

A study was conducted to identify the problems and needs of children diagnosed with PKU. Pointing out that the biggest problem of patients is expensive special food, the study shows the average monthly expenditure on these foods is 500 Turkish lira.

One of the rare diseases, phenylketonuria (PKU), which limits one's protein breakdown and can cause serious brain damage, affects 1 in 10,000 people in Europe. While there are over 20 thousand individuals with PKU in Turkey, approximately 300 children with PKU are born each year in the country.

## Faculty of Dentistry has been established

NOVEMBER 11, 2019

### Istanbul Gelisim University

**The Faculty of Dentistry Has Been Opened!**

According to the President's Decision, which was published in the Official Gazette with the signature of President Recep Tayyip Erdoğan, Istanbul Gelisim University (IGU) the Faculty of Dentistry has been established. IGU increased its number of faculties to 4.nts."

Stating that Head of the Council of Higher Education (YÖK) Dr. Yekta Saraç has encouraged universities to be innovative and entrepreneurial, IGU Chairman of the Board of the Trustees Abdulkadir Gayretli said that they work hard to reach the great design of Turkey. Gayretli added: "We follow the horizon to have been widened by Saraç. His contributions to the university community are of great importance. The horizon broadening studies of YÖK have qualified universities. Universities now have quality and internationalization strategies. As

a result of a common superior effort, our studies with the discipline of internationalization positions us today in a different place among the present higher education institutions. As a university, we take the first place in the preferences of students. Istanbul Gelisim University, which has always adopted improvement as a principle with the slogan 'Open for Improvement', now opens its doors of the Faculty of Dentistry to students. Best wishes."

## Turkish team returned from the Robot Championship with an award

NOVEMBER 13, 2019

The students of Istanbul Gelisim University (IGU) Vocational School returned with an award from the 12th Robochallenge 2019 Romanian Robot Competition in Bucharest. The students participated in 4 categories; Mini Sumo, Line Follower, Nano Sumo and Micro Sumo, and came in 4th in the Mini Sumo category and received the Special Jury Prize.

The Robochallenge Romania Robot Competition, the biggest robot competition in Europe and being held for the 12th time, was held this year at Bucharest Politehnica University. 158 teams, 615 participants, 533 robots participated in the competition. Turkish students competed with teams from England, France, Greece, Japan,

Bulgaria, Colombia, Ecuador, Latvia, Mexico, Peru, Poland, Republic of Moldova, Romania, Russia, Spain and Thailand.

## High school students will spend their first holiday at university

NOVEMBER 15, 2019

There are a few days left for the new holiday regulation to be implemented for the first time this year. Istanbul Gelisim University (IGU) planning activities for students to spend this holiday more efficiently will meet the 11th and 12th grade students through the 'High School Midterm Holiday Academy'.

IGU will meet the 11th and 12th grade students with the courses it has determined for the implementation from different departments between November 18-22. The students will participate in whichever courses they prefer in the High School Midterm Holiday Academy aiming to support the students to determine their goals,

to discover their interests, to provide support to recognize the university departments and programs before the Higher Education Institutions Exam (YKS).
