WOMEN HAD TO TAKE A BREAK FROM THEIR ACADEMIC STUDIES IN THE PANDEMIC

NOVEMBER 26 2021

The impact of the COVID-19 pandemic on social sciences was evaluated. Evaluating the issue, **Asst. Prof. Viktoriia Demydova** says, “**Changes in housework, child care, elderly care and quarantine have increased the mental health needs of female faculty members and reduced the time allocated for academic studies.**”

When the applications made to Istanbul Gelisim University Journal of Social Sciences between the years 2021-2022 on the effects of COVID-19 on the activities of researchers are examined, it can be observed that the Covid-19 pandemic period had a remarkable effect.

TRACES OF THE ROMAN EMPEROR 'THEODOSIUS THE GREAT' IN THE CHURCH THAT HAS BEEN EXCAVATED FOR 100 YEARS

DECEMBER 3

2021

A wall dating to the period of the Roman Emperor, known as Theodosius the Great, was unearthed in the excavations that have been going on at Hagia Sophia and the contemporary church since 1921 at the Ayasuluk Hill and St. Jean Monument excavation area in Izmir.

While the Ayasuluk Hill and St. Jean Monument Excavations in the Selçuk district of İzmir continue with the support of Istanbul Gelisim University, it has been revealed that the church found in the excavation area dates back to the period of the Roman Emperor known as Theodosius the Great.

THINGS TO KNOW

ABOUT NEW CORONAVIRUS

All necessary measures are taken for the **coronavirus** revealed in Turkey and the World at **Istanbul Gelisim University**. **Things to know about coronavirus are as follows:**

What are the new coronavirus symptoms?

- The most common symptoms are **fever, cough and respiratory distress**.
- In severe cases, **pneumonia, severe respiratory failure, kidney failure and death** may occur
- Incubation period is between **2 and 14 days**.

How is the virus transmitted?

- It can be transmitted by the contact of the droplets caused by **coughing and sneezing** with the contact of the **mouth, nose and eyes** of other individuals in certain environment and by touching the surfaces where the droplets adhere and taking hands **into the mouth, nose or eyes**.

What to do to be protected from the virus?

- When **coughing or sneezing**, the mouth and nose should be covered with a **disposable tissue**, if there is no handkerchief, the mouth should be closed with the **upper sleeve or elbow**, not with the palms.
- **Handshaking and hugging** should be avoided.
- **Mouth, nose and eyes** should not be touched with dirty hands.
- Hands must be washed for **at least 20 seconds** in accordance with the **Handwashing Instructions** found in the toilets. In the absence of water and soap, **alcohol-containing hand antiseptics** should be used. **Cologne of 70-80 degrees** also serve as disinfectants.
- Offices and classrooms must be **ventilated hourly**.
- Places frequently used by many people such as common areas and door handles should be **disinfected every 2 hours**.
- Hands **must be washed** after using **public transportation**.
- Because the virus progresses faster in people with low immune system; **a balanced and healthy diet** is required. Foods **must be washed thoroughly** before consumption.

What to do if there are symptoms?

- If you have come from countries with infections **in the past 14 days**, apply to the **nearest healthcare facility** by wearing **a surgical mask**.
- If you are **coughing, have a fever and have difficulty at breathing**, apply to the **nearest healthcare facility** by wearing **a surgical mask**.
- **Always wear your mask** when you are in the same room with **a person who is recommended insulation** at home.

PROTECTION AGAINST VIRUS IS IN OUR HANDS
