WEEKLY PRESS RELEASE

30 JANUARY, 3 FEBRUARY 2023

Issue: 184

<https://gelisim.edu.tr/en>

ISTANBUL
GELISIM
UNIVERSITY

WE WILL GET THROUGH THIS DISASTER TOGETHER!

Under the coordination of The Red Crescent and AFAD (Disaster and Emergency Management Presidency), we deliver disaster relief materials to our citizens in the earthquake area within our university.

#Earthquake #Turkiye

We pray for our citizens who died in the earthquake disaster that occurred in Kahramanmaraş and strongly felt in ten provinces as well as for their families and those injured. We wish them a speedy recovery. We are deeply sorry for our profound losses.

YOU CAN STILL HAVE “TENNIS ELBOW” EVEN IF YOU DO NOT PLAY TENNIS!

JANUARY 30

2023

“Tennis elbow” disease, which is more common in people who play tennis, can be seen as a result of any activity that forces the forearm. Assoc. Prof. Dr. Aydın Arslan from Istanbul Gelisim University stated that it can occur due to reasons such as squeezing a cloth, using screwdriver-pliers, painting. The most significant symptom is pain that spreads from the outer part of the elbow to the lower part of the arm.

THERE IS AN INCREASE IN THE NUMBER OF FEMALE MANAGERS IN THE 2ND AND 3RD GENERATION OF FAMILY COMPANIES

FEBRUARY 02

2023

Every day, many people are discriminated against on many issues such as age, race, disability or gender. This situation creates disadvantages in terms of participation in education, employment and social life. Studies conducted in recent years have revealed that women who take an active role in business life are more exposed to intimidation and discrimination compared to male employees. **Assoc. Prof. Dr. Gülay Tamer**, from Istanbul Gelisim University (IGU) Faculty of Health Sciences, Department of Health Management stated women are employed in jobs with lower qualifications than men. In family companies, on the other hand, there was an increase in the number of female managers in the years when the management passed to the 2nd and 3rd generations.
