ALTHOUGH FOOD FRIED WITH AIRFRYER IS HEALTHIER, BEWARE!

14 APRIL

2023

The airfryer is one of the most popular kitchen appliances of the last period. There are also questions about whether the Airfryer, which provides the opportunity to cook many different types of food in a practical and short time, is really healthy. Food Engineer **Asst. Prof. Dr. Sema Aydın** stated that although Airfryer fried food is technically healthier than deep frying, it has potential harms.
